6:30 p.m.

Tickets \$2.00

Shorthorn Friends Welcome  
Make reservations or purchase tickets  
by 1:00 P.M., March 6th

## STANDARD GUARANTEE

endorsed by the American Shorthorn Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open not settling within six months after date of sale shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee, the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial, for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case of dispute, the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold in compliance with the laws regulating Tuberculosis and Bang's disease of the state or country into which they may be shipped.
6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchasers risk of loss or injury after animal is bid off. Where cattle are sold at private treaty, the above terms should apply as well as for sale at auction.

## INFORMATION FOR THE BUYER

SALE TERMS - Cash, except when arrangement for time has been granted by the consignor prior to the sale. Settlements are to be made with the Montana Shorthorn Association immediately following the sale; but it should be understood that the said Association assumes no liability, legal or otherwise, and that the guarantee and terms as published herein shall constitute a contract between the consignor and purchaser of each lot.

ALL PEDIGREES WILL BE TRANSFERRED IMMEDIATELY AFTER SALE TO PURCHASER.

BIDS - Bids may be mailed to Roy Gfeller, Big Timber, Montana; or to the Auctioneer; or to your choice of the Association or Publication fieldmen.

NOTE - Registration numbers of Polled Shorthorns are preceded by the letter "X".

Although all precautions are taken for your safety, neither the management, the officers of the Montana Shorthorn Association, nor the owners of the premises are responsible for accidents.

-----

1964 . . . . . Montana's Centennial Year . . . . . Shorthorns were on the scene when the Territory was established 100 years ago. First brought into the United States in 1783, the short-horned cattle from county Durham were popular and by 1850 were dominant in the mid-west areas that furnished the general purpose draft, meat and milk cattle that supplied and powered the westward movement. Trail-weary discards proved the nutritional value of Montana's grasses and our cattle industry in the Territory was born. Shorthorns have changed a lot since those early days and now present a trim carcass that is desirable in the meat trade. Fortunately, selective breeding has retained and improved the great inherent ability to convert range and rough feeds to good beef, creating a great demand with profit-wise feeders. For the Centennial Year we can do nothing more significant than to present over 100 head of quality Shorthorns. Cattle with great bloodlines proven productive in the hands of practical cattlemen. You will like their performance in your herd of Shorthorns, or any other breed, and they will make friends with the feeders who finish the ultimate product.
